

JG Howard Ltd can supply and fit all, or fit your supplied Coffee Machines, a must for the coffee connoisseur and they look sleek and stylish built into your kitchen. At the touch of a button, they will measure, grind, percolate the perfect cup of filtered coffee or espresso. They also make cappuccino, latte and hot chocolate and a steam spout makes wonderfully frothy hot milk. A hot water facility is included for making tea, and some come with a built in storage drawer to keep everthing handy.
